

DEPARTMENT RADIO DIAGNOSIS AND IMAGING

Bharati Medical College and Hospital, Pune

Facilities and Equipment:

The Department of Radio Diagnosis and Imaging of Bharati Medical College and Hospital is a state of the art facility .It was founded in the year 1991.

It has following equipment:

1.5 Tesla Philips Achieva MRI

Special Investigations Include:

MR Spectroscopy

Fetal MRI

MRCP

Diffuse Tensor Imaging

Cartilage Mapping

16 SLICE PHILIPS BRILLIANCE CT SCAN

Special Investigations Offered:

- 1. CT Angiography
(Brain, Pulmonary, Abdominal,
Peripheral)**
- 2. CT Cisternography.**
- 3. CT Guided Biopsy.**
- 4. 3D Reconstruction of CT images.**

CT and MRI Console Room with workstations:

DIGITAL FLUOROSCOPY SUITE with top of the line Shimadzu Flexavision HD :

Philips ALLURA XPER- FD 10C CATHLAB For DSA:

BET Medical Metaltronica Mammography equipment:

4 Radiography Suites are available in the department with top of the line Konica Minolta Aero Digital Radiography (DR) X-70. Along with in house portable X-ray units available in ICU and HDU.

Radiography suite: Konica Minolta Aero Digital Radiography (DR) X-70.

Konica Minolta Digital CR Equipment and Reporting Stations:

Eight USG Suites including top of the line Philips IU -22 and Philips Affinity 70 Equipment. In addition there are in house Sonography units in ICU, HDU and Labour Room.

Philips AFFINITY – 70

Special Features Include:

- 1. 3D, 4D and Doppler Imaging.**
- 2. Elastography.**
- 3. USG Guided Bopsies.**

Philips IU-22

The department has work load of around 150-175 diagnostic X – rays, 125-150 Ultrasounds, 20-25 CT scans, 20-25 MRI scans, 5 Mammography studies, 1 DSA, 5 CT/USG Guided FNACs and 10 color Doppler per day.

The department caters to in-house patients and out door patients referred from the OPDs & doctors from near by localities and surrounding villages.

Residency Programme Information:

Dr. Priscilla Joshi, Professor and Head Of Department.

The residency training programme in Radiology of Bharati Medical College Pune was introduced in 2003 and is three year course for M.D postgraduates and two years for DMRD with rotations in various modalities.

The residency program includes six M.D. residents and two DMRD residents currently.

Fellowships and certificate courses of one year and six months have also been granted permission and shall be initiated soon.

Programme structure:

Our programme is designed to provide an organized educational experience with exposure to current imaging modalities.

The PG residents rotate themselves in various modalities and also have seminars, tutorials, journal club and film reading sessions .They are encouraged to attend and participate in the various City, State and National level CMEs.

Faculty:

We have a fully staffed academic radiology department composed of trained specialists in all areas including neuro radiology, musculoskeletal and body imaging, pediatric radiology and thoracic imaging. The staff of four professors, six associate professors, three assistant professors and five senior residents is highly committed to the ongoing education of the residents, and they take great pride in their congenial working relationships with the residents. Our faculty members also serve as mentors to the residents as they progress through their residency and are involved in research projects being pursued by the post graduates. Regular guest lectures by visiting professors and experts are arranged for the benefit of PGs and faculty members.

Conferences:

The department is actively involved in organising CMEs/conferences.

The Conferences/CMEs organized by the department in the year 2015-16 included:

01/03/2015	CME on Cardio-Vascular Imaging	Auditorium, Bharati Vidyapeeth Deemed University medical college, Pune.
03/03/2015	Pre RESCON Workshop	Bharati Hospital auditorium, Bharati Vidyapeeth Deemed University medical college, Pune.
26/07/2015	Bharati Radiology Resident's Course – CME on CNS – Brain Imaging	Auditorium, Bharati Vidyapeeth Deemed University medical college, Pune.
09/03/2016 – 10/03/2016	Pre RESCON workshop: Laboratory Medicine: “The Pillar of health care”	Auditorium, Bharati Vidyapeeth Deemed University medical college, Pune.
08/11/2016	International Day of Radiology: Residents' Quiz 2016	Auditorium, Bharati Vidyapeeth Deemed University medical college, Pune.

CONFERENCES ATTENDED in 2016

CONFERENCES ORGANIZED (XI RESCON 2014)

Resources:

Text books, journals and teaching CDS/ DVDs are available for use in the departmental libraries. Residents also use the college book and digital library.

Residents have access to computers, internet and LCD projector for learning and teaching. The department has well stocked film library available for the benefit of the post graduate residents.

Research:

Residents are encouraged to become involved in research and it is mandatory for the third year residents to present a paper at the National Conference. Residents are also encouraged to present posters.
