

Anaesthesiology

Department was established in 1991. Post graduate courses started from August 2003 (MD) & May 2004 (Diploma). Presently, MD seat intake is 06 & Diploma seat intake is 02 per year.

The department has excellent infrastructure & is located on 3rd floor of Bharati hospital, adjacent to main OT complex. Operation theatres are well equipped with modern gadgets. Complicated referral cases are managed efficiently by full time dedicated staff with the help of excellent support services. Superspeciality cases of Uro surgery, Neuro surgery, Paediatric surgery & Dental surgery are done.

Anaesthesia Department

Museum & Seminar Room

PG Activity

For under graduate & post graduate teaching, apart from the conventional teaching methods, certain innovative teaching methods are used. eg. Simulation based (using mannequins) teaching.

Mannequin Teaching

Mannequin Teaching

Mannequin Teaching

The staff members take active part in all college & university activities. Few staff members are acting as chairman & or members of various important college & University level committees.

They keep themselves updated by attending & participating in various CMEs & State & National conferences.

CME

Some staff members of the department are instructors for certain internationally certified courses such as BLS, ACLS, ATLS, etc.

The team work of staff members & post graduate students is responsible for rapid growth of the department.
