Report Of First Aid & CPR Training Conducted
By Emergency Medicine Department

Greetings from Emergency Medicine Department

Emergency Medicine Department has conducted First Aid & CPR training for Policemen, of various police stations in vicinity of the hospital. We have trained 200 police personnel, of five different police stations. Many of the participants were given an opportunity to have hands on experience.

Our efforts were appreciated and they have requested us for more of such sessions. Our efforts were also covered in the local press.
