Director's Message

Greetings to All!

It gives me great pleasure to present this newsletter for Term-II of the Academic Year 2023-24. The term was vibrant and full of activities, all efficiently organized by our enthusiastic students under the guidance of our dedicated faculty members.

Our approach in this term was student-centric, focusing on the holistic development of our students through a blend of academic, extracurricular, and co-curricular activities. We saw substantial participation in National Seminars on Finance, HR, and IT, alongside guest lectures and workshops on Entrepreneurship Development. Events such as Alumni Meet (Sahyog) and Entrepreneurship Development Cell Activities were also notable highlights of this term.

'Xpressions-2024', our International Management and Cultural Fest, was celebrated with immense zeal and enthusiasm, drawing a large number of participants from various colleges across Pune. Events like Shark Tank and Launch Pad provided invaluable practical learning experiences for our budding entrepreneurs.

Additionally, we were honoured to host a team from Tyonmyong University, South Korea. The visit aimed at exploring collaboration opportunities between industries and universities, focusing on fostering innovation, research, faculty and student exchange programmes, FDPs, Joint conferences, and Regional Collaborations to drive economic development.

I am delighted to share that our placement drive is progressing exceptionally well. More than 135 blue-chip companies have offered placements to over 250 students so far. Notable recruiters include Hindustan Unilever Ltd, TATA Motors, Bharat Forge Ltd., ICICI Bank, ICICI Prudential Life Insurance Ltd., Markets & Markets, Orient Cement Ltd., Anand Rath Wealth Management, Property Pistol, PolyCab India, SBI Life Insurance, AAIS Global, Godrej & Boyce Manufacturing, INFRA Market, Neeyamo Enterprises, Redington India Saint Gobian Weber and ACUITI Labs India.

At IMED, we are committed to continuously striving for greater heights with your support and best wishes. Stay Safe, Stay Healthy, Stay Happy!

IMED has organized one day Faculty Development Program on 10th February 2024 at room no 314 on “Understanding people in a better way.” Mr. Swapnil Thorat introduced the resource person and explained the objectives of this FDP. I/C Director, Dr. Ajit More, felicitated Dr. Sheel Shenoy.

In the first session, Dr. Shenoy conducted a management game on memory effectiveness and discussed perceptual data sets, their role in shaping perceptions, and the impact of perceptual errors on human relations.

In the second session, she posed thought-provoking questions to the participants: "Do we truly want to understand each other? How do we go about understanding each other? How well do we understand our family, friends, associates, and even strangers?"

The second session included a discussion on understanding others, effective listening skills, body language, and communication. It concluded with a team-building management game. Dr. Hema Mirji offered the vote of thanks.

6. Faculty Development Program on “Rewire your Brain”

IMED has organized one day FDP on 2nd March 2024 at conference hall on “Rewire your Brain.” Dr. Satywan Hembade introduced the resource person and explained the objectives of faculty development program. Dr. Ajit More I/C Director, IMED felicitated Dr. Narendra Barate.

In session one Dr. Barate explained various facts about human brain. He talked about prefrontal cortex with its functions. He shared that there are 86 billion neurons in head, 40000 in heart and 100 millions in gut. Dr. Barate also explained the concept of neurogenesis with examples.

In second session, Dr. Barate talked about neurocortex, limbic brain and reptilian brain and its functioning. He was of the opinion that every day 70000 thoughts are coming in human mind, out of which 90% are negative in nature.

He also talked about amygdala which is almond size small component in the brain and works as radar which sense the threat in the surrounding. He has shared following techniques for coping with amygdala hijack

1. Name the emotions
2. Six second rule
3. Breathing
4. Change the settings
5. Share the mental load
6. Draw on mindfulness.

At the end he has conducted meditation session for all the participants. Dr. Sonia proposed vote of thanks.

Participants along with Dr. Ajit More, I/C Director, IMED and the resource person Dr. Narendra Barate

FROM EDITOR'S DESK

Dear Readers,

Welcome to the latest edition of the IMED Newsletter, covering the vibrant period from January to May 2024. As Chief Editors, it is both an honor and a privilege for us to present this comprehensive overview of the numerous activities, achievements, and milestones we have collectively accomplished during this term.

The beginning of 2024 marked a time of renewed energy and determination at IMED. Our commitment to fostering a student-centric environment has been the driving force behind all our endeavors. The term was bustling with a range of activities designed to enhance the holistic development of our students. From national seminars focusing on Finance, HR, and IT, to workshops on Entrepreneurship Development, every event was meticulously planned and executed with the aim of providing our students with the best possible learning experiences.

One of the term's most inspiring moments was the January 10th, 2024 lecture by Padmavibhushan Dr. Raghunathji Mashelkar on "Chasing the Exponential." Dr. Mashelkar's "Mashelkar Mantras," emphasizing high aspirations, focused efforts, and perseverance, deeply resonated with the 215 students in attendance. His insights and the subsequent discussion with faculty made it a day of profound learning and inspiration.

Another highlight was the grand celebration of 'Xpressions-2024', our International Management and Cultural Fest. This event, which drew participants from various colleges across Pune, was a remarkable success, showcasing the creativity, talent, and competitive spirit of our students. The Shark Tank and Launch Pad events, in particular, provided a unique platform for our budding entrepreneurs to showcase their ideas and gain invaluable insights from industry experts.

The visit from Tyonmyong University, South Korea, was another significant milestone. This collaboration has opened doors for future partnerships, including faculty and student exchange programs, joint conferences, and research initiatives, all aimed at driving innovation and regional economic development.

Our Placement Cell has also had an exceptionally successful term, with over 135 prestigious companies offering placements to more than 250 students. The involvement of renowned companies like Hindustan Unilever Ltd., TATA Motors, ICICI Bank, and many others, underscores the caliber of talent nurtured at IMED.

The term was further enriched by a variety of other events, including our Annual Day celebrations, sports activities, blood donation camp, NSS winter camp and the International Women's Day event. These activities not only fostered a sense of community and camaraderie but also provided our students with opportunities to develop leadership and organizational skills.

We would like to extend our heartfelt gratitude to all the faculty members, students, and support staff who have worked tirelessly to make this term a resounding success. As we reflect on the successes of this term, we are reminded that our journey towards excellence is a collective one. With the continued support and collaboration of our IMED family, we are confident that we will continue to reach new heights in the months and years to come.

Thank you for your unwavering support and commitment to our shared vision.

Warm regards,

Dr. Anuradha Yesugade & Mrs. Sangeeta Patil
