

# Bharati Vidyapeeth Deemed University Medical College

## Department of Emergency Medicine

Department of Emergency Medicine Bharati Vidyapeeth Deemed University Medical College (EMD) has been formed to provide comprehensive emergency service to all patients presenting to the department on a 24 hour basis. It will be manned by a team of emergency physicians who are responsible for the clinical and administrative working of the department. The EMD staff consists of specialized emergency healthcare providers who have advanced qualifications and experience.

The department provides resuscitation, stabilization and transfer of critically ill patients. It also provides disaster management to the community in the event of major incidence of mass casualties. The EMD has an active clinical learning environment as evidenced by the programme for physicians (MD in emergency medicine) and also an integrated emergency medical technicians programme.

The emergency medicine department caters to both adult and paediatric patients. After triaging, patient registration and documentation will be done. Patients will be resuscitated, and after a detailed clinical examination, necessary investigations will be sent. Patients will be stabilized and after a reasonable duration they will be handed over to the parent unit for further management.

Patients admitted to emergency medicine ward will be managed under joint care of the primary emergency care physician and representative of the specialty unit on call on that day. The specialty unit will be decided on the basis of the provisional diagnosis of the patient. All decisions regarding patient care will be taken jointly.

Dept of Emergency Medicine, Bharati Hospital has well equipped emergency care that provides tertiary multidisciplinary care to every patient. Bharati hospital provides care as per international standards with a team of doctors who are well trained & have good clinical experience in handling critically ill patients. Trained emergency medicine physicians work together with various

subspecialties to provide world class emergency medical care. The emergency medicine is recognized by the ISCCM for super specialty training in intensive care.

The EMD is an active clinical learning environment as evidenced by the program for physicians (Emergency Medicine) and an integrated emergency medical technicians program. The department also caters to training of postgraduate and undergraduate Doctors of the Bharati Vidyapeeth Medical College. The department is recognised by the Medical Council of India for a postgraduate programme in emergency medicine.
