

## DONATION DRIVE

The will to give unconditionally was the foundation for the donation drive that was organised by FIMRC, BVDUMC.

As a part of FIMRC, we strongly believe that, “No major or career path is necessary to make a difference, just the willingness to give back to a community in need, is all.”

Every member of the organisation, has a strong affinity towards children and is willing to put their best foot forward in order to help in these kids in need.

And while conducting this donation drive, we came to realise that there are so many kind, generous people in our own community that were willing to do their part and really wanted to make a difference to these childrens’ lives!

Our drive went on from 11th to 15th March and through this drive, people could donate anything, ranging from- Clothes, books, toys, stationary, blankets, non-perishable food items, etc for kids under the age of 18.

The donation drive consisted of the volunteers going door to door in three main societies around the college : Bharati Vihar Society, Nancy Lake Homes Society and Greenwoods society, other volunteers collected locally, from in and around their residences and the hostilities collected from their own hostels.

With all the fondness and jubilation, the do-gooders accelerated towards the noble cause of donating all that they could to our organisation. We were immensely grateful to have received such an overwhelming response from our community and so excited to share these wonderful gifts to the little kids, that were so eagerly waiting for them!

Being a part of this drive rekindled our desire to give back to our community and our feelings towards the same couldn’t be better put than this quote by Joan Marques-

“ It’s easier to take than to give. It’s nobler to give than to take. The thrill of taking lasts a day. The thrill of giving lasts a lifetime.”
