
	<b>BHARATI VIDYAPEETH (DEEMED TO BE UNIVERSITY) MEDICAL COLLEGE, Pune Maharashtra</b>	
	<b>Fellowship in Infection Control and Antimicrobial Stewardship 2024-25</b>	

Bharati Vidyapeeth (Deemed to be University), Pune has been re-accredited “A+” grade by NAAC (Third cycle) and is amongst one of the top 20 universities in India. Bharati Vidyapeeth (Deemed to be University) Medical College, Pune has a NABH accredited 900 bedded multispeciality hospital with state-of-the-art clinical care facilities.

Antimicrobial resistance is showing a sharp uptick requiring a programme to manage the use and control the misuse of antimicrobials. Consequently, Government of India and NMC have issued guidelines for inclusion of infection control and antimicrobial resistance as a separate learning objective for the MBBS and M.D. degrees and it is the need of the hour for every microbiologist to enhance their knowledge in these fields. **The present fellowship course will enable the microbiologist to set up effective Infection Control and Antimicrobial Stewardship Programmes in hospitals.**

**Clinical Pharmacists** are the perfect bridge between the Microbiologist and the Clinician. This programme will help them garner the skills required for generation of antimicrobial use policy in hospitals, in assuming the role of an advisor in the daily use as well as monitoring the usage of antimicrobials. **They will be able to set up an antimicrobial stewardship programme in conjunction with the microbiologist.**

The department of Microbiology is offering the following Fellowships:

S No	Name of the Fellowship	Duration of fellowship	No. of Seats	Eligibility
1	Post Doctoral Fellowship in Infection Control and Antimicrobial Stewardship (PDF : IC&AMS)	12 months	<b>03</b>	<b>MD/DNB Microbiology Age preferably less than 40years</b>
2	Antimicrobial Stewardship for Clinical Pharmacists (AMSCP)	12 months	<b>03</b>	<b>Pharm D (Doctor of Pharmacy) with 60% overall grading.</b>

**Selection:** The candidates will be selected based on a virtual/physical interview, which will be held in the last week of Aug 2024 or first week of Sept 2024 at BV(DU) Medical College, Pune. The selected candidates will receive shared accommodation and a monthly stipend as per the University policy. The course commences from 01 Oct 2024. Applications will be accepted till 15 Aug 2024.

Eligible and interested candidates may email the application along with complete biodata and relevant certificates in a single pdf file to: [fellowship@bharatividyaepeth.edu](mailto:fellowship@bharatividyaepeth.edu)
