

66th Annual Indian Public Health Association Conference

IPHA CON 2022

Digital Technology for Improving Health

REPORT

22nd SEPTEMBER, 2022 • PRE-CONFERENCE WORKSHOPS

23rd - 25th SEPTEMBER, 2022 • CONFERENCE

Organised by

Department of Community Medicine,
Bharati Vidyapeeth (DTU) Medical College, Pune

Department of Community Medicine, B. J. Govt. Medical College
& Sassoon General Hospitals, Pune

Indian Public Health Association - Maharashtra State Branch

The conference was organized by Department of Community Medicine, Bharati Vidyapeeth (DTU) Medical College, Pune and Department of Community Medicine BJGMC Pune & Maharashtra branch of IPHA was held on 23rd to 25th September 2022 at Bharati Vidyapeeth (DTU) Medical College, Pune (Annexure 1 and 2). The conference website (<http://iphacon2022pune.com>) was created and hosted in the month of May 2022.

Maharashtra Medical Council granted five credit points for the conference and two credit points for each of the five preconference workshops. Dr Rajan Sancheti was MMC observer and Dr. Sachin Mumbre was special MMC observer.

Academic/Scientific activities

The organizing team conducted five full day preconference workshops namely Basics of health and demographic surveillance, Regression Analysis, Time Series Analysis, Qualitative research with focus on Analysis, Artificial Intelligence, and deep machine learning in health. (Annexure 3). A total of 180 participants registered for these five workshops. There was one convener per workshop and a total of 14 facilitators. The workshops were conducted in the Bharati Hospital and Research Centre in Bharati Vidyapeeth, Dhankawadi campus.

Oral and Paper presentations

Oral paper presentation

Poster presentation

Covered various themes in public health. The participants/delegates were faculty, post graduate students and undergraduate students from medical colleges as well as MPH courses all over the country. Abstract submission guidelines were uploaded on website in the month of June 2022. The themes for abstract submission were RCH & Adolescent health; Nutrition; Environment & Health; Waste Management; Communicable Diseases; Non communicable Diseases including mental health; Occupational Health; Geriatrics; Tribal Health; Gender Inequality; Health System; Disaster Management; Palliative Care; Medical Education and Miscellaneous. Abstract submission period was from 1st June 2022 to 7th August 2022. A total of 564 abstracts were received of which 398 oral and 165 poster abstracts were finalized. All the members of scientific committee reviewed abstracts as per the prescribed guidelines. There were 33 sessions for oral and 15 sessions for poster presentations. Forty-eight WhatsApp groups were made for ease of communication/coordination. On day one of the conference 22 oral sessions with 265 presentations were conducted and on day two, 11 oral and 15 poster presentation sessions were conducted in which 132 and 165 presentations were done respectively. Assessment of oral and poster presentations was done by 123 and 25 judges respectively. A prize winner from each of oral and poster presentation session were selected based on the predefined criteria finalized by the scientific committee. Certificates of presentation and certificate of session winner were sent via email post conference.

DAY ONE

Scientific Sessions :

First day of the conference started with the oral presentations for Dr. P. C. Sen memorial best paper award on 'Rural health practice' and Dr. S. D. Gaur memorial best paper award on 'Environmental health practice' were done. Dr. Arup Chakraborty and Dr. Ramanandi Ananya Jyotirmay received the award respectively.

A plenary by UNICEF on 'Preconception care and early childhood development'. The importance of preconception care and the details of the preconception care project in Nasik district and a session on early childhood development was discussed. The presenters were Dr. Khanindra Bhuyan, Dr. P. P. Doke, Dr. Aniruddha Deshpande and Dr. Pramila Menon. The session was chaired by Dr. Subhash Salunke and Dr. Sanjay Chaturvedi.

Plenary by UNICEF

Dr. B. C. Dasgupta memorial oration was delivered by Dr. Harshad Thakur. The topic of oration was 'Post COVID 19 pandemic public health issues and challenges. Dr. Sanghamitra Ghosh and Dr. Girish Dhumale chaired the session.

Dr. B. C. Dasgupta
Memorial Oration

Inauguration ceremony was graced by chief guest Prof. Dr. Tanaji Sawant, Hon'ble Minister of Public Health and Family welfare, Government of Maharashtra. Dr. Ramaswami N. IAS Commissioner Health services and Mission Director NMH, Maharashtra, Dr. Vishwajit Kadam Hon'ble Secretary of Bharati Vidyapeeth University and Dr. Shashank Dalvi Hon'ble Vice Chancellor MGM institute of Medical Sciences, Navi Mumbai were the guests of honour.

Lamp lighting at the hands of guests

Presentation of memento to the Hon'ble minister

Address by Chief Guest Hon'ble Minister Shri. Tanaji Sawant

Inauguration ceremony

Release of souvenir at the hands of guests

Felicitation of Dr. Sanghmitra Ghosh

Key note address on ‘Health equity through digital technology’ was delivered by Maj. Gen. Retd. (Prof.) Dr. Atul Kotwal, Executive Director NHSRC on ‘Health equity and challenges for digital technology’.

Key note address by Maj. Gen. Prof. Dr. Atul Kotwal

Post lunch there was a panel discussion on ‘Approaches to error free publishing in Medical journal’ by Editorial team of Indian Journal of Public Health was conducted. The session was moderated by Dr. Rajib Dasgupta and Dr. Sanjay Chaturvedi, Dr. Pritam Roy and Maj. Gen. (Prof.) Dr. Atul Kotwal. The authors perspective and editors perspective were discussed in the session.

Approaches to error free publishing in Medical journal

There was a special session on ‘Alternate dimensions in public health-I’ chaired by Dr. Sachin Palve and Dr. Parvinder Chawala. Various topics on building a digital health ecosystem, public health approaches for health ageing, epidemiology of congenital disorders, maternal and neonatal survivorship were presented.

Alternate dimensions in public health

The preliminary round of PG quiz was conducted by ‘the national IPHA PG quiz group’. in which 36 teams participated and 10 teams were selected for the final round that was conducted on day two of the conference.

A plenary session by NHSRC titled ‘Technology in health: A way forward towards Universal Health Coverage’. The session was chaired by Maj. Gen. Prof. Dr. Atul Kotwal and Brig. Dr. S. K. Kaushik. Digitization of health action plan by Dr. Himanshu Bhushan, Building safe health system by Dr. J. N. Srivastava, Technology enabled comprehensive primary health care by Dr. M. A. Balasubramanya, Human resources for advances in digital health by Mona Gupta; and Digital innovation for accessible and affordable health care by Dr. Ranjan Kumar Choudhury were discussed and appreciated by all.

NHSRC : Technology in health: A way forward towards Universal Health Coverage

A session was conducted by NCEAR-A on ‘Sustainable and accelerated control of Anaemia-Anaemia Mukht Bharat’. Topics like ‘Milk fortification to address nutritional anaemias’ and ‘Linking national centres with state centres of excellence for anaemia research’ were discussed. The session was chaired by Padmashri Prof. Dr. C. S. Pandav and Dr. Sanjay Rai. A panel discussion on ‘SWOT analysis of AMB and the way forward’ was held with Dr. Kapil Yadav as the moderator for the session.

NCEAR-AMB: Sustainable and accelerated control of Anaemia-Anaemia Mukht Bharat

The last session of the day was ‘Accelerating effort towards elimination of Neglected Tropical Diseases: Role of Medical Institutions’. ‘Global and regional overview of NTDs’ and a ‘Brief overview of VL and LF’ was delivered by Dr. Dhruv Pandey and Dr. Naresh Kumar Gill. This session was followed by a panel discussion on ‘How medical colleges/public health institutions and the national elimination programme can complement each other’. Dr. Harivansh Chopra, Dr. Priya Prabhu, Dr. Hari Shankar Joshi and Dr. S. K. Rasanias participated as panelist while the session was moderated by Dr. Bhupendra Tripathi. The session was supported by NCVBDC, PATH, BMGF-Country office and WHO country office.

NCVBDC-MOHFW-GOI

Cultural Day-1

A cultural programme and gala dinner was arranged in the evening. The organizers as well as some delegates presented their extra curricular talents during the cultural event which was enjoyed by all.

DAY TWO

Day two started with a plenary on 'Vaccine updates' supported by Serum Institute India (SII). There were presentations on 'Spike protein COVID19 new vaccines', 'Post marketing surveillance of human rabies monoclonal antibody' and 'Oral polio vaccine or inactivated polio vaccine, which one is best for polio eradication'. The session was chaired by Dr. Prakash Doke and Dr. Pankaj Bharadwaj.

Plenary by SII

Dr. K.N. Rao memorial oration was delivered by Dr. Archana Patil, current Executive Director, SHRC, Maharashtra and former DHS, Maharashtra state on 'Maternal mortality perspective: Maharashtra's success story.' She highlighted on the status of Maharashtra about Maternal mortality and discussed various process and impact indicators for measurement of the maternal mortality. Efforts of Maharashtra state regarding quality, equity, health systems financing and better evidence related to Maternal mortality also the challenges for universal maternal health care. The session was chaired by Dr. Rajib Dasgupta and Dr. Jayashree Gothankar.

Dr. K. N. Rao Memorial Oration by Dr. Archana Patil

A session on ‘COVID 19 vaccination programme’ was conducted by Immunization Technical Support Unit (ITSU) and was presented by Dr. Pradeep Haldar. This was followed by a panel discussion on ‘Vaccine hesitancy in India’ moderated by Dr. Sanjay Kapur with Dr. Raj Shankar Ghosh, Dr. Pritu Dhalaria and Dr. Ayushi Agarwal as the panelists.

ITSU: COVID 19 vaccination programme

PATH supported Panel discussion on ‘RMNCH+A nutrition digital interventions’ was moderated by Dr. Sudhir Maknikar; Dr. Dinesh Baswal, Dr. Vaibho Ambhore, Dr. Jayendra Kasar, Rohini Saran and Dr. Rachana Parikh were the panelists. Panel Discussion covered the topics namely ‘Using digital intervention to maintain the food chain especially rice fortification’, ‘Supply chain challenges about contraceptives’, and ‘Family Health Protocols’.

RMNCH+A nutrition digital interventions

MINerVA network supported session on ‘Strengthening death certification in medical colleges’ was chaired by Dr. Anand Krishnan and Col. Dr. Swati Bajaj. Topics like assessment of MCCD in tertiary medical colleges, interventions to improve the quality of medical certification of cause of death, and framework for audit of MCCD at health facility were presented by Dr. Mohan Bairwa, Dr. Bhavana Sahni and Dr. Prashant Mathur respectively. There was a panel discussion on ‘Strengthening teaching of MCCD in medical curriculum and medical certification in hospital’, Dr. Muralidhar Tambe, Dr. Pankaja Raghav, Dr. Binod Patra, Dr. Prashant Mathur participated in the discussion which was moderated by Dr. Anand Krishnan.

MINerVA: Strengthening death certification in medical colleges

A panel discussion on ‘Lessons learned from COVID 19 pandemic and the way forward’ was moderated by Dr. Harshal Pandve. Dr. Priya Abhram, Dr. Shivkumar Iyer, Dr. Muralidhar Tambe, Dr. Lalitkumar Sankhe, Dr. Pradip Awate and Dr. Sashikala Sangale were the panelists.

A session on ‘Continuum of care for non-communicable diseases’ was presented by Dr. Prashant Mathur followed by a panel discussion with following panellists Dr. Sandeep Rai, Dr. Prakash Doke, Dr. Tejpal Singh Chavan, Dr. Nupur Lalvani and Dr. Prashant Mathur.

Continuum of care for non-communicable diseases

The second session on alternate dimensions in public health -II was conducted as a parallel session in post lunch time. It was chaired by Dr. Gajanan Velhal and Dr. Abhay Saraf. Dr. Yogesh Gurav presented on ‘Role of health technology in public health’, Dr. Nilanjana Ghosh presented on topic ‘Mental health abuse in patients. ‘Best practices in integrated MJPJAY and PMJAY and their impact,’ ‘The danger of texting and what teenagers need to know’ were presented by Dr. Bahubali Nagaonkar and Dr. Manju Lata Sharma respectively. Dr. Ashoo Gandhi presented on topic ‘Standard treatment workflow: an approach towards universal health coverage.’

Alternate dimensions in public health -II

Final round of National IPHA PG Quiz was conducted as the last session of day two of the conference. First as well as second position was won by AFMC, Pune.

National IPHA PG Quiz winner with the trophy

A banquet was arranged at Marigold banquet and conventions with arrangement for transportation from the conference venue to the Marigold and back.

Banquet at Marigold

Orchestra at Marigold

DAY THREE

Day three started with a plenary on ‘Application of GIS in public health’ by Mr. Ronak Sutaria. He elaborated on the need of open-source software-community GIS, levels of governance where software can improve life, Health GIS, GIS role was discussed. The session was chaired by Dr. Muhammad Salim Khan and Dr. Yogesh Sabde.

Plenary on Application of GIS in Public Health

A plenary session on ‘What does it take to protect nations from contemporary public health threats?’ by NCDC -CDC. The session started with a plenary on ‘Emerging and re-emerging public health threats: The global perspective’ by Tran Minh Nhu Nguyen followed by a session on ‘Work force development under the global health security agenda’, by Dr. Kristin Vander Ende. Points like public health threats(PHTs), tools and system to manage PHTs, how to address PHTs, what is FETP, FETP variations, FETPs in India, applied epidemiological FETP and COVID-19 response were covered. There was a panel discussion which was moderated by these two speakers and trainees of Field Epidemiology Training Programme (FETP) programme from different parts of the country were panelists. They shared their experiences about their role as trained field epidemiologists.

NCDC-CDC

Dr. J. E. Park memorial oration was delivered by Dr. Samiran Panda on topic ‘Looking back to move forward: A travel rule underlined by the current pandemic’. The session was chaired by Dr. Amitav Banerjee and Dr. Sanjay Rai. Dr. Panda highlighted on the Pandemic response, modelling capacity, impact of vaccination on a ‘combined variant’ scenario and Journey towards ‘ENDEMIC-19’.

Dr. J. E. Park Memorial Oration by Dr. Samiran Panda

The last session of the conference was supported by National TB Elimination programme (NTEP). It was chaired by Dr. R. C. Goyal and Dr. Purushottam Giri. ‘Updates in NTEP’ and ‘Role of medical colleges,’ ‘Updates in TB’, ‘Private sector engagement in NTEP and DRTB were various topics and the last talk in this session was delivered by Dr. Himanshu Pophale on COPD as a public health problem.

Plenary by NTEP

The valedictory function was graced with Tran Minh Nhu Nguyen, Team leader WHO India as the chief guest and Dr. Nitin Ambadekar, DHS, Maharashtra, Pune as the guest of honour. Other dignitaries on the dias were Dr. Gajanan Velhal, President of Maharashtra chapter; Dr. Prasad Waingankar, Secretary IPHA. The chief guest and guest of honour addressed the audience. The glimpses of the conference were shared during the valedictory function. The conference ended with National Anthem and followed by lunch.

Valedictory function

Academic stall

Non Academic stall

A total of 88 guest speakers of various academic partners and/or medical colleges shared their knowledge in the conference. Around 32 experts were chairperson for these sessions. The photo gallery is attached to show the glimpses of the conference.

The organizers express their gratitude to various academic partners of the conference.
