

1. The Department of Immunoematology & Blood Transfusion received the 'Best Quality Representative' award for the year 2024 among the Para-clinical specialities. The Award was presented by Dr. Sanjay lalwani, Medical Director, to Dr. Joseph Philip, HOD and Dr Ritika Basnotra, Quality Champion of the department on 01 August 2024.

2. Therapeutic Leukocyte Depletion (02 cycles – 18 & 19 July 2024) was successfully performed in a CML patient with hyperleukocytosis induced pulmonary distress (WBC count >4Lakh/microliter). After the second cycle, there was a drastic decrease in the WBC count (>50%), and along with chemotherapy and other supportive care, the patient showed symptomatic improvement.
