Report: 5th Workshop on Teaching Skills

16th Oct 2025

Faculty Development Programs form a fundamental part of National Medical Commission's guidelines in view of the newly introduced CBME curriculum for MBBS. The Department of Medical Education organized a one and a half days Teachers' Training Workshop for teachers who have not attended NMC/ MCI recognized Revised Basic Workshop so far on 23rd & 24th September 2025.

Total 27 teachers from preclinical, paraclinical & clinical departments attended the workshop in ME Hall, 3rd floor Medical college building. Apart from participation from medical college, 3 participant faculty from Ayurved & Homeopathy college each, also attended the workshop. The first day of the workshop commenced with ice breaking, introduction of participants and sharing of workshop objectives by Dr. Shubhada Aphale.

The first Session by Dr Anuradha Joshi, dealt with understanding CBME, domains of teaching learning, andragogy & pedagogy. The subsequent session on 'Large Group Teaching' by Dr. Shubhada Aphale highlighted planning of effective and interactive lecture for active learning. Dr. Varsha Vaidya demonstrated various interactive methods for 'Small Group Teaching' like jig-saw puzzle, fishbowl etc. 'Effective Power Point Presentation' and 'Lesson Planning' were aptly dealt by Dr Asmita Phadke. Day 1 concluded with introducing participants to the concept of Microteaching.

Day 2 commenced with interactive discussion on 'Skill Teaching' by Dr Jui Geet followed by Introduction to Assessment of clinical/practical assessment by Dr Asmita Phadke & Dr Jui Geet which included demonstration of OSCE/OSPE. The last session was a key component of workshop and included Microteaching by the Participants which was assessed by the ME faculty. Constructive feedback was given by ME faculty & peer participants regarding Microteaching. The program concluded by revisiting the participants' expectations.

All the sessions were effectively conducted, sticking to the defined time frame, yet ensuring interactivity and active participation by the participants. All the participants worked enthusiastically as cohesive teams and actively participated in all the sessions to make the workshop successful.

The Post Test scores of participants showed a significant improvement over the pretest scores taken at the beginning of the workshop. Verbal as well as written feedback of the participants about the entire workshop was also very positive. They acknowledged the enthusiastic contribution by the resource faculty and planned to incorporate the tips received during the course of the workshop in their day to day teaching activities. All participants were extremely sharing and interactive about Teaching Learning Process and new ideas.
