

Rahee Borulkar	PG student	2020	Disciplined work ethics and attention paid on progress of students be it Ug or Pg
Savita kisan umratkar	PG student	2019	Hospital and collage facilities are nice. Faculty are also helpful. They always help us. Good teaching. Here We got lots of knowledge.
Shreya Prashant Kolte	UG student	2020	The college is VERY GOOD...all my teachers have helped me not only academically but raised my spirits to become a better doctor since the first step. I had obgyn posting this month in Bharati hospital and all the faculty taught us well, explained us the cases, gave individual attention to all our doubts. Overall experience, very nice
Pratik Jayesh Hadke	UG student	2020	It was very helpful and informative. The early clinical exposure in 1st was very interesting and the faculty there are very helpful and friendly.

Kranti Himmat Khalane	UG student	2020	The BVDUMCP college is really organized and the lectures and practicals and clinics takes place on the time. All the proffesors are really helpful and support in all situations. In these times of COVID I also had suffered from the covid and lagged behind in my portion but the proffesors and mentors kept a check all the time on my health and layer took a lot of revisions with other students due to which I could cover up the lagged portion and did very well in exam. I could not thank enough for all support we get from the
Himani Narendra Panse	UG student	2017	Great college with superb faculty and very well maintained campus and hospital
Aditya Pandey	UG student	2017	Its was overall good experience although very tough journey ...gained enormous knowledge during this period especially time management learned many new things amidst of experienced facultiesneedles to say that whatever hectic period we have spent over this four and half yrs...will lead to a fruitful future#BVDROCKS

Devyani Mukherjee	UG student	2017	Bharati is the place where I learnt everything, not only academically but also about life. This place has transformed me in a much better and confident way. Specifically our teachers were the best part of our UG life. They are my first doctors whom I look forward to and wish to be like them someday.
-------------------	------------	------	--

Gayatri Bhan	UG student	2019	<p>Joining into a medical College marks the beginning of a very special journey in every student's life. During my first few days I was very anxious about whether I wud be able to adjust to the new surroundings or would I succumb to the cut throat competition that evidently exists in medical colleges. However, the atmosphere in the college was so welcoming. All the faculty members were so warm and affable. Be it the foundation course, during lectures or amidst the clinics every faculty member would always try to clear every doubt that we students had and always motivated us to be a better version of ourselves. Being a part of this college helped broaden my horizon by allowing me to participate in multiple events , seminars, guest lectures, camps ,etc . There has always been a right balance between academics and extracurricular activities.I would be ever grateful for having enrolled in this college and the opportunities it has presented me with and I</p>
--------------	------------	------	---

Dr Asmita Tripathy	Intern	2013	A place where I grew from a teenage girl to a doctor. Bharati vidyapeeth medical college taught me many things about life. It taught how to care and share. It helped me becoming a good healthcare worker in the form of doctor. I thank all my friends, seniors, juniors and my teachers for always motivating me to become a better person and to give my best.
Karumanchi Nehasaraj	PG student	2020	Good academics, Good teaching sessions, excellent faculty
Mahima Arya	UG student, PG student	2019	BVDUMC has been my alma mater since 2013. My undergraduate and postgraduate has been from this institute. Today, this place, faculty members, non clinical staff is like family. The institute has always provided us with the best of training. Genuine efforts are instilled from all faculty members for teaching and patient care. BVDUMC is home away from home. Thanking all.

Swapnil Sameer	UG student	2017	<p>It has been an amazing experience here and an opportunity of lifetime to be a part of this course and institution.</p> <p>Got to learn more than what I desired, from amazing practical sessions to fruitful patient intercatations and co-curricular activities we have come a long way. Thankyou to all the faculty and staff of the institution.</p> <p>Just few suggestions to make learning experience much better would be-</p> <ol style="list-style-type: none"> 1) To make us more comfortable with the faculty and have better interaction. 2) Better patient intercatations and examination so that we can learn better.
Tanmay R. Jarande	PG student	2022	<p>BVDUMCP</p> <p>Faculty here is so helpful . Associate professor , senior resident always ready to teach us . Work environment here is very good .</p>

Mr. Avinash Suresh Sarak	PG student	2019	<p>All faculty members are extremely professional and dedicated teachers. They are one of a kind in this college. Faculties are way more helpful and encouraging than you think and are capable of making you confident enough to grow and become a doctor. Glad to have them as our teachers.</p> <p>Hospital is a multi-speciality hospital with fulfill all Quality equipment and we'll developed all hospital staff.</p>
Dr Nilakshi Gupta	PG student	2017	<p>One of the best colleges of India. Faculty takes all efforts to ensure best out of each student. Academics are designed in a way so that all syllabus is covered and adequate time is remaining for revision before exams. Labs are well equipped with all latest machines and all tests being done under one roof. Hospital facilities are excellent!!</p>
Saurav Mundra	UG student	2017	<p>Ek medical student ki izzat sab jagah ho skti h, bas uske khudke Medical College ko chhod kar</p>

Harsha Mishra	UG student	2020	After one hectic year so far the college and its teaching faculty have been of great help and have had a good impact towards securing a better grasp of the ongoing events. The hospital has been one prime catalyst for understanding the needs of this profession and the vast potential it holds for developing every day. Over all it has been a very good experience.
Linpadmaja Thakur	PG student	2020	The college is very nice everyone inspires me to be a better person everyday.
Rupali Bharambe	PG student	2019	This collage and hospital has given me many opportunities to see and treat many rare cases.

Alok Kumar	PG student	2019	<p>Very first day of joining this institute I realised that my efforts are being acknowledged and not how much I already know, and that is one driving force to keep our learning phase ongoing. Our lab gives us good enough exposure of cases including the rare ones so that we become better in approaching those cases once we encounter them.</p> <p>Regular pg activities have always been everyday motivation for us as we get to learn a lot through them and also get to know about our mistakes which are corrected by our faculty. Teaching session carried out by our faculty is also much appreciable and it's been a privilege to get education in such an institute.</p>
Hari krishna kishore	PG student	2006	2006-2009 was the best period.I learnt the basics in ENT and the faculty was very supportive
Sakshi Yadav	PG student	2019	Hospital with great infrastructure and faculty. Excellent academics for UG and PG students

Dr Shiv Mehta	PG student	2012	Bvdumc is well staffed and equipped hospital. Had a wonderful learning and experience at this hosnital.
Pratiksha Vijaysinh Dhamal	PG student	2019	BVDUMC have the best infrastructure, maintenance and cleanliness. The huge central Library is available for study there is also pg library which is more helpful for the pg students. The faculty of the college is very helpful for doing academic things regarding projects dissertation and publication they help us in every single problem. The hospital have also huge area with sufficient staff and all they are also helpful to the patients.
Aishwarya W Sharma	PG student	2022	I chose to do my residency in BVP as I had heard praises from my seniors and such about the healthy work culture and the high level of academics that is maintained by every department. After joining, I can only say I'm very happy and confident in my choice. The patience and care shown to me by my seniors and the faculty has been most helpful in navigating the first few weeks of my residency.

Sriram Prabhu	PG student	2019	Very good academical classes! Good clinical experience! Well structured and maintained!
Sejal Mehta	PG student	2019	The infrastructure and medical facilities are really good. PG's undergo superspeciality rotations in their second year and get ample hands-on experience. Grand round ward round discussion are in detail and is multifactorial. The faculty at BVDUMC is very supportive and academic orientated.
Swati Goel	PG student	2012	Thank you to my whole ENT department faculty for teaching us so nicely. Nice OT set up..wide patient exposure..well equipped Temporal bone dissection lab for all students.

Amanpreet Singh Wasir	UG student	2019	<p>Overall to begin with, the experience of being a medical student has been no less than a blessing. From the faculty, staff, to the entire hospital administration, the one most commendable thing about everybody and the entire institution as a whole is the enthusiasm, professionalism, and amount of devotion to teach and to work which I have observed here. Ever since our new CBME curriculum has been initiated, all the faculty has taken immense interest for our learning to be enhanced, and any kind of experiences we can have for the betterment of our medical understanding and conceptual clarity. I sincerely hold strong appreciation and respect for this institution, the culture that they have maintained and the principles that they continue to preach.</p>
Uday Krishan	PG student	2019	<p>The management is good also the faculty is very supportive . Treatment is also very affordable for the patients</p>

Krishnam	UG student	2019	The college is very good. Teachers really work hard for the students and guide the students really good. There is literally zero ragging in the college. The new hospital has been constructed and some parts have started functioning. The hospital is also very good. Patient load is decent. faculty of all departments is very good.
Anusha Mittal	UG student	2017	From preclinical years to clinical years I have had the opportunity to learn from great teachers. Even during the outbreak of covid-19, faculty taught us through online classes through case scenarios which was very stimulating. Clinical postings have a great impact on me as I get to take cases and present them in front of teachers who discuss everything from symptomatology to management in great detail.

Shreya Arora	UG student	2017	<p>From lectures to extracurriculars, every experience in the college has been enriching and it has taught us a lot. The college focuses on all round development.</p> <p>The faculty is very supportive. Even during the pandemic, lectures were taken regularly. Because of the professional guidance I have received, I would highly recommend Bharati Vidyapeeth Medical College to prospective students.</p> <p>Last but not the least, Bharati Vidyapeeth is my home away from home. I will always be grateful to the college for making me who I am today.... a responsible, professional would be doctor.</p>
Navya Naveli Garg	UG student	2019	<p>The teachers to start with in first and second year have really made all of us feel super comfortable and at home. Most of teachers go out of their way to make not only the subject but also the whole experience of college much easier for all of us.</p>

Prapti Gune	UG student	2017	<p>Actually I was looking for this opportunity to express how I feel about BVMC.</p> <p>Culture of BVMC is a blend of self learning and quality teaching. Its a space where I was offered opportunities to grow and discover myself as a person via learning through greatest and legendary teachers who impacted on me How A Good Doctor should be. I used to write quotes said by various teachers in my notes, I still remember. And clinical postings were golden experience, one of a kind. "Giving your best in every situation", that's what Bharati has taught me over 4.5 years.</p> <p>Batch of 2017, In my batch, Everyone is so unique and there is so much more to their personality. There is no pressure to "fit in" in our batch, because everyone has a comfort of being who they are. My seniors were amazing, surely they helped us whenever we asked.</p> <p>Being a part of Cultural Committee was an amazing experience.</p>
-------------	------------	------	--

Kritika Jaiswal	UG student	2019	<p>BVDUMC has ensured that we are able to continue with our medical education during this challenging time. I cannot imagine how difficult it must be to balance a complete rearrangement of our curriculum on such a short notice with your own clinical duties, which have also been turned upside down, as well as your own health and that of your families. I am so appreciative of all of your efforts and of your dedication to try to accommodate the needs of your students. I honestly have nothing but praise for the timely and adaptive response the faculty provided for our education and personal endeavours under the (extremely) extraordinary circumstances. I feel very reassured having such a strong faculty looking out for us - and also on the COVID frontlines of hospitals/outpatient care and research.</p> <p>Thank you!</p>
--------------------	------------	------	---

Dr snigdha sippy	PG student	2019	The hospital is one of the best places to learn. With the many schemes in place lots of patients are benefitted .I am currently in my third year of pediatrics and I am surrounded by one of the best teams comprising of an amazing faculty of so many specialities .Everyone is super encouraging and supportive.
Anuj mutha	UG student	2019	Beautiful campus and quality education as well as faculty
Tanvi Bafna	PG student	2020	I have spent more than 5 years in the medical college and hospital. Academics in this institute are very good. Not only we have a lot of variety of cases but also we get to learn the approach to each and every case in detail . Because of various super specialists present we get exposure to those cases also. This college has not only helped us learn a lot but also grow as a person. It has a very friendly environment for working and also all professors and faculty are very approachable and always eager to teach.

Krista Pinto	PG student	2022	The people in my department are extremely kind and helpful. It's been a great learning experience.
Charchit bansal	PG student	2020	Nyc environment of working Love the new simulation lab
Brinda rana	PG student	2020	The hospital is very nice with a lot of opportunity to learn from the faculty

Dr. Bhawya Malhotra	UG student	2016	<p>BVDUMC has played quite an important role in shaping me up and in my overall development. Looking back all these years, i must say, good job! BVDU has given me a multiload of good and bad experiences, both equally important and I can't believe I'm at the end of this journey, wishing to start it over all again, with lesser mistakes. It has given us students so many opportunities to take part in, whether it be academic or extra- curricular, i could never say that they weren't enough. The professors of this college are amazing, well experienced and that might be underestimating them; they always stand as a pillar of support for us, whether it be academics or personal stuff, they always have our back. Was never afraid of falling back upon them. I have seen Bharati shape up too, all these years, both structurally and functionally, and quite a wonderful job has been done, since it's gotten even better, without a doubt. I can't thank enough to this university, college,</p>
---------------------	------------	------	---

Dr Vikram Sarangan	PG student	2019	Experienced faculty with a wide variety of patients. The hands on experience is adequate and the hospital is ever-growing with new developments always happening. It has been great to work and grow as a doctor here. Looking forward to another one and a half years here
--------------------	------------	------	---

Shagun	Intern	2019	<p>While growing up, I was told by people around me that college life would be a lot different. I was told that I would mold me into something new. Little did I know, they were talking about the metamorphosis of caterpillar into a butterfly.</p> <p>My college life has been a happy and a joyful learning experience. Not only have I been taught, how to treat a patient, but also how to become a good doctor. Our professors have inculcated empathy and compassion in us, in addition to imparting the knowledge of medicine.</p> <p>I am thankful for being given the opportunity to participate in multiple intercollegiate and intra-college quizzes, national and international debates, research programs as well as sports events.</p> <p>If i have to recall something positive I would</p>
Atharva Pande	UG student	2020	<p>The faculty teaches really well and the syllabus was covered aptly</p> <p>The hospital has good inflow so in postings we get so see a wide variety of patients</p>

Heli Shah	UG student	2019	College environment is very student friendly and academics are amazing. The teachers are very helpful and take efforts in teaching us and giving us the best possible knowledge.
Aditya Godbole	UG student	2018	<p>I consider myself very lucky to be a student at this University. The college faculty is excellent and extremely supportive. They not only make sure we understand each and every concept but also make it a point to clear our doubts during and after class. They are enthusiastic about guiding students in various research projects. Students are always encouraged to go to wards and take cases and interact with patients. Attendant and residents are extremely nice and they help us improve our clinical skills. Clinical postings are excellent for inpatient and outpatient experience. We can go to the hospital after our college hours, take cases, and learn extra things.</p> <p>One of the best things about BVDUMC is that the college is extremely receptive about any new and innovative ideas that the students or faculty propose. The college has recently introduced academically oriented programs like the 'Teach to Learn' program where seniors teach juniors,</p>

vijeeta Ranadive	UG student, PG student	2019	<p>I have been a ug student at Bharati Vidyapeeth and am now pursuing my MD degree in pathology from the same . The faculty at Bharati Vidyapeeth is dedicated to making sure it's students emerge as all rounders and good doctors from this institution. The faculty has always been extremely supportive and helpful. As an MD student , I have gained exposure to various branches of pathology and we have gotten exposure to hplc flow cytometry ihc right from the bending of our pg which is quite rare . I would strongly recommend this institution to young aspirating doctors !</p>
---------------------	---------------------------	------	---

Advait Melinkeri	UG student	2018	<p>Looking back, learning at Bharati has been quite a positive experience for me.</p> <p>Right from first through final year, teachers from all departments are very friendly and approachable for doubts. One of the things I appreciate most regarding academics at Bharati is the stress on regular studies via weekly tutorials/tests held in every subject followed by doubt solving sessions which help solidify our concepts.</p> <p>Bharati hospital has a variety of patients and advanced facilities which have given us plenty of clinical experience to develop our clinical acumen.</p> <p>Bharati also provides plenty of opportunities to develop ourselves beyond medicine through sports and cultural activities.</p> <p>Over the past few years the college environment and professors have played a critical role in the development of my personality and career goals. I'm proud and grateful to be part of this college.</p>
---------------------	------------	------	--

Priya Kamthe	PG student	2010	BVDUMC have huge campus with all advanced facilities. I have done my pg in biochemistry dept. Dept is fully fledged. And facilities members are energetic, helpful and talented. The best part of dept is it have fully advanced equipped machines in laboratory. I'm very thankful to dept of biochemistry team and BVDUMC.
Bhavana .k	PG student	2020	I'm here in BVDUMC since 1.5 years ,all these years it taught me how to face a situation ,how to approach and manage patient, learn from mistakes ,stand tough
Dr.Hema	PG student	2020	The institution has a good infrastructure and highly skilled faculties... many PG teaching programs are conducted which helps us a lot to gain knowledge and good working environment...
Akshay Karad	UG student	2019	Best teaching and more clinical knowledge at hospital

Dhruvi Desai	UG student	2018	<p>Bharati Vidyapeeth has a beautiful campus with a lot of facilities being made available to the students. The faculty is always available to answer any questions the students have about the subject. Apart from the academics, extracurricular events are something that all students look forward to as it is a great way for the students to interact with seniors and the teachers. There are always opportunities for students to showcase their talents and knowledge through seminars, conferences that the college holds in various subjects. The college helps us develop not only into good doctors but also well rounded individuals. The library is always open and has a very good book collection that is easily accessible to the students. For students interested in research, the faculty from all departments, clinical and para clinical subjects , are always ready to guide students in their pursuit to write papers. It has been a great learning experience for me to study</p>
Anjali Ashok Nale	PG student	2019	<p>Really a great college for lecture and practical. Hospitalization facilities are very nice.</p>

Mangesh Abasaheb Thombare	PG student	2019	Supportive and motivated teaching and hospital faculty.
Komal Mohan Nale	PG student	2014	Life-changing experience with excellent staff in Anatomy department. Really good teaching with hands on dissection table 👉
Aadya Bhavsar	UG student	2019	This college has a holistic approach towards our education. The teachers are approachable and emphasis is given on understanding the concept and completing the syllabus at a reasonable rate.

Sakshi Manglik	UG student	2018	<p>One of the best things about BVDUMC is the teachers. It is amazing to see the amount of effort that all the teachers put into helping us understand and implement what we're taught. I've never gone to a teacher with a doubt that hasn't immediately been solved. It doesn't matter how busy they are, they always make time to teach us more and that has influenced me to try and give my best into everything I do too. I did my first research project in Pharmacology in second year, and the support and guidance that I received from my Guide and the Department has helped me develop the confidence to pursue many more opportunities and projects. No matter what the future holds, the amazing impact that my teachers have had on me will remain with me forever.</p>
Niharika Kurlekar	UG student	2019	<p>The teachers and faculty take very sincere efforts in teaching the students.</p>

Sanskriti Kodre	UG student	2019	Really felt that the faculty and staff works with sincerity and dedication. They see to it that we understand maximum part .Hospital doctors and professor's are also very understanding and teach us even in their busy schedule. There is alot of patient flow so we get to see and learn through direct exposure.
Bhavya Singhal	UG student	2019	College is good. All faculty members are good. The management at hospital is very good.
Miss. Gade Sukanya Nanaso	PG student	2019	I love my college a lot because it possesses all the qualities of an ideal college.
Aditya Atul Jadhav	UG student	2019	All good vibes in presence of faculty on and off campus land. Its really cool to have the welcoming into an amazing environment like this. Hospital too is a great place to be at for learning
Anshita singh	UG student	2019	College campus is good..skills Lab in new hospital is very good....

Bratoti Nag	UG student	2019	Firstly, the ambience and environment of the college is very good. The new building of the hospital has beautiful infrastructure and the concept of simulation lab is really appreciating. Faculty is very helpful and knowledgeable.
-------------	------------	------	---

Kovan sayed ramadhan	PG student	2018	<p>At the Bharati Vidyapeeth Medical College, i really feel like the experience and learning is tailored to me. Faculty and administration are constantly working directly with us in order to make medical school the best experience it can be. I am constantly impressed by how earnestly our feedback is incorporated into day to day student life.</p> <p>emphasis on different learning styles: from team-based learning activities with our colleagues to applying what we are learning at the Clinical Skills Education and Technology Center, also, I had a great experience and learned a lot. I had plenty of opportunities for practicing in lab, Was a great mentor that was always encouraging and challenged me to learn more every day?</p> <p>Biochemistry department always encouraged me to take the lead and see as many patients as I could. They always gave me great feedback on every presentation and corrected me in a way that would not make me feel bad about myself</p>
Shubham mehta	UG student	2017	Best educational institution with main focus on subject basics and skills learning
Anshul Gupta	Intern	2017	Academically good teaching college and and supportive teachers

Isha Damle	Intern	2017	The lectures and tutorials were taken very sincerely, especially 1st and 2nd year departments. The college made the 4.5 years as smooth as possible
Anisha Ingle	Intern	2017	Lectures and postings are taken sincerely. Good clinical knowledge given.
Tejaswini Somani	Intern	2017	1st and 2nd year have the best department. Good clinical experience posting are amazing.
Savni Sandeep Dole	Intern	2017	Got good amount of clinical exposure and some extremely experienced teachers who taught me about life rather than only academics.
Namami mathur	UG student	2017	Diligence and sincerity is ingrained in this institute . The teaching quality is good.
Prashu Singhai	UG student	2017	Faculty are good and cooperative.clinics taken in the morning especially helped a lot Overall experience is good
