

DEPARTMENT OF SURGERY

Bharati Vidyapeeth Deemed University Medical College, Pune

The Department of Surgery of BVDUMC Pune was established in the year 1990. Since its inception the department has grown both miles and bound with multiple specialities and super specialties under its umbrella. The department at present is headed by Prof Brig (Retd) Dr C S Joshi. It has fulltime experienced faculty who have expertise in open & laparoscopic surgery, Endoscopy, Breast diseases, Colorectal diseases and Medical education. Many faculty have fellowships in respective superspecialties.

We provide services in specialties like Gastroenterology, Bariatric surgery Hepatobiliary surgery, Trauma and Emergency Surgery, Endoscopy Unit and in Superspecialty like Urosurgery, Pediatric surgery, Neurosurgery, Oncosurgery Plastic and Vascular surgery.

The department of surgery has an intake of 10 MS General Surgery Post Graduate students every year and we are proud to announce that we have Mch Urosurgery 2 seats, Mch Pediatric surgery 1 seat from year 2016 approved by the MCI.

The department has a skills lab with endotrainers to train its postgraduate students. Our students get excellent exposure to superspecialty surgeries during their residency tenure.

Department has the honour to organise various national and International conferences like ASICON 2003, ACRSICON 2006, FIAGES 2009, ICSISCON 2015. It is our proud privilege to tell that we have organised CME's for Postgraduates on many important topics like wounds, hernia, colorectal surgery and breast diseases. MILESTONES 2013 was our alumni meet for the Postgraduate students to network with our students who have achieved accolades as surgeons all over India as well as abroad.

Research is the soul of the department and many projects have been collaborated with premiere research institutes like Columbia university, NCCS and our own IRSHA. Our faculty has many National and international publications to their credit and few are on editorial boards of reputed indexed journals like Indian Journal of Surgery.
