

DEPARTMENT

OF

COMMUNITY MEDICINE

GOAL

Undergraduate

- To prepare students to function as proficient Community Physician in contemporary health needs & accountable to community

Postgraduate

- Prepare a Planner, Manager, Solution -seeker, Teacher and Philosopher in health issues of individual, family, community, nation and cross-nations

OUR TEAM

Teaching faculty with experience from

- International institution
- Public Health administration
- Armed Forces

Support Staff

- Medical social workers
- Sanitary inspector
- Teaching supportive staff/back office staff

FIELD PRACTICE AREA

Rural health Training Centre, Lavale

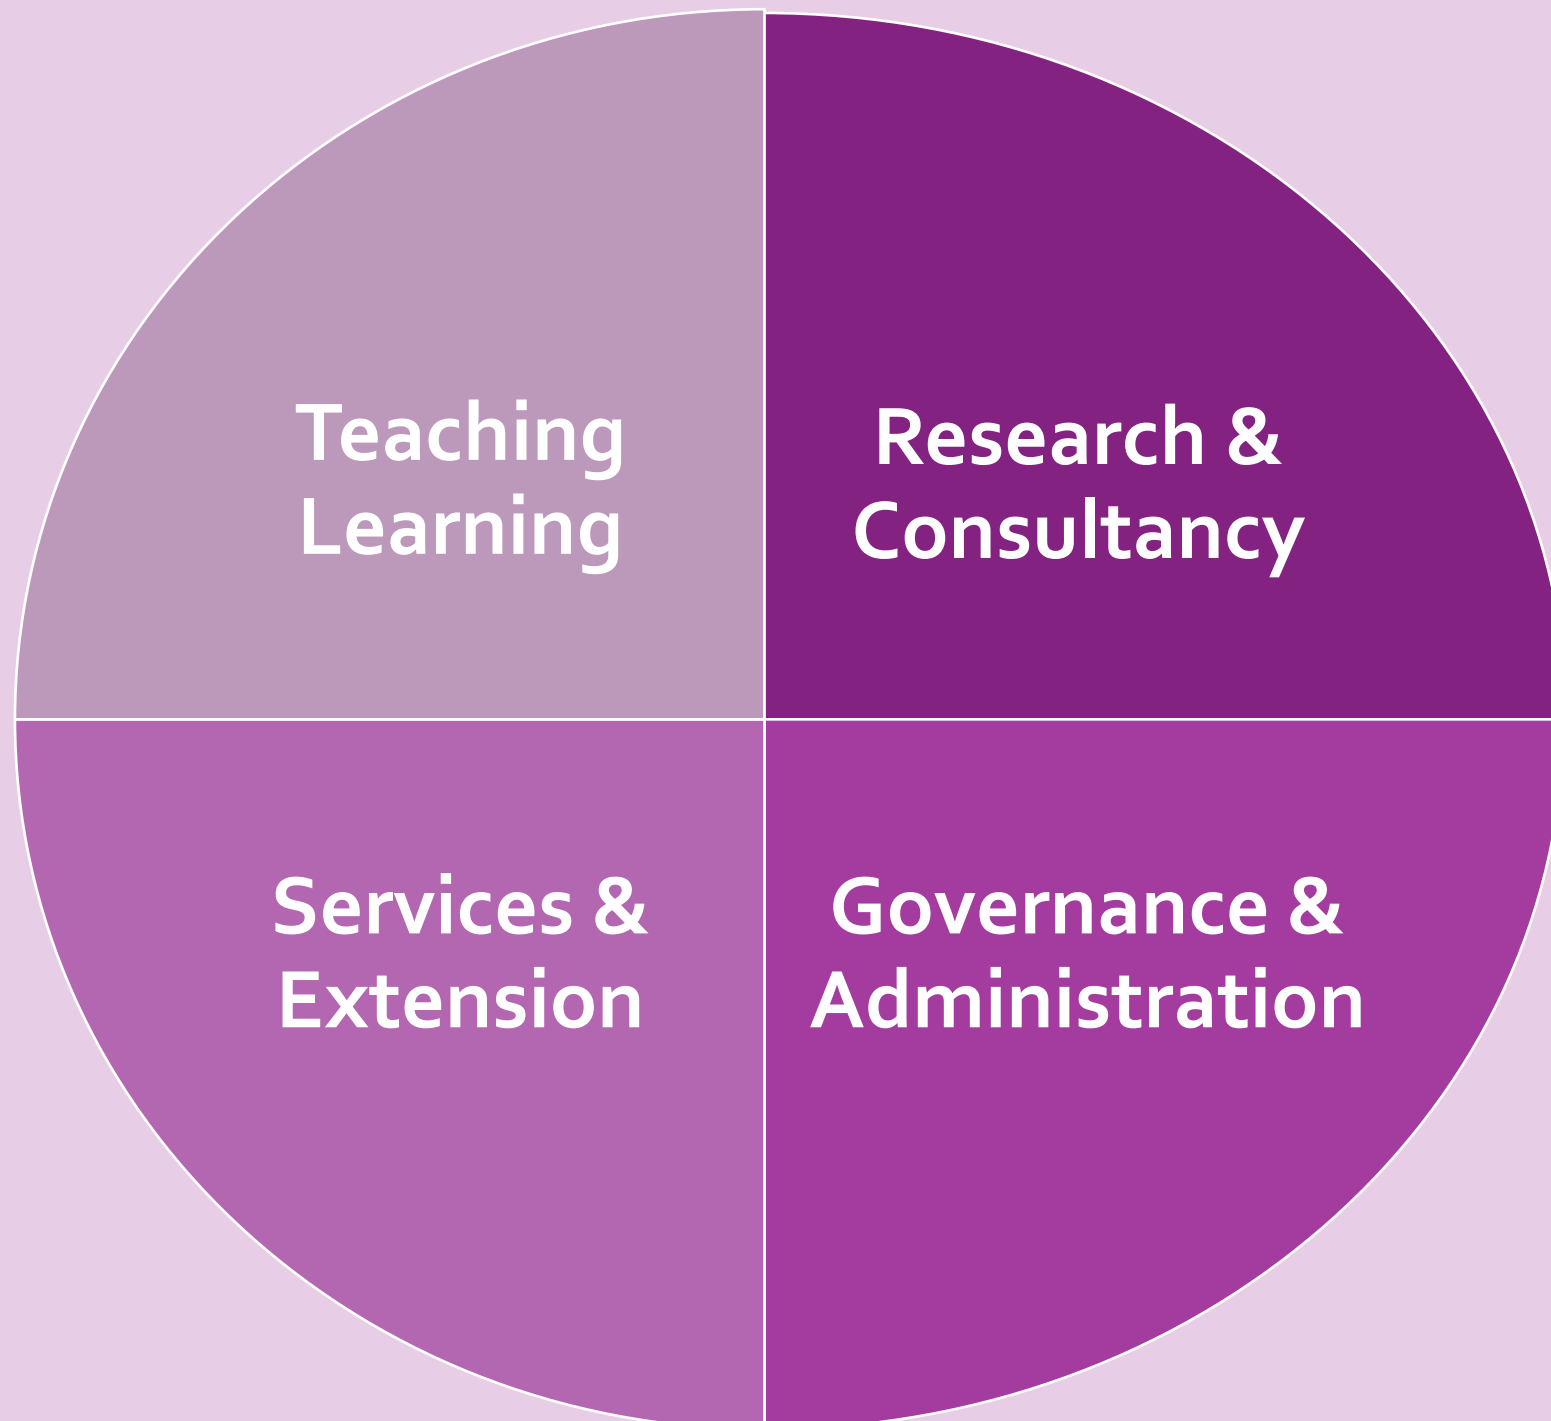

Urban Health Training Centre, Sadashiv Peth

INFRASTRUCTURE

- Well equipped library
- Museum
- Student laboratory
- Research laboratory
- Rural Health Training Center
- Urban Health Training Center

ACTIVITIES

TEACHING LEARNING ACTIVITIES

Undergraduate :
I MBBS to Internship

Postgraduate - MD
Community Medicine

Fellowship In
Epidemiology

Certificate Course in
Medical Biostatistics

Allied Health
Disciplines : PhD,
Nursing , Hospital
administration, Masters
in Social Work , Bsc.

Non Health Disciplines
-Engineering

TEACHING LEARNING PROCESS

Defined Specific Learning Objectives (SLOs), Gnatt chart of UG & PG teaching, Bridge course for PG, Research Methodology for UG & PG

Flexible Methodology:
Seminar, Quiz, Scenario based learning, Small group revision series

Learner Centered Approach:
Research Projects

Community Intervention :
Health Education - role play, puppet show, Health Camp, Public Health Day

Educational visits:
Public health lab, Water purification plant, Sewage treatment plant, Milk dairy, Leprosy hospital, PHC, Anganwadi

RESEARCH

Promotion of Research

Inculcating the research culture in undergraduate students

Research Methodology Workshop for PG & PhD students

Methodology and Statistical Guidance for research projects

Validation of research tools developed by students of various disciplines. e.g. MSc., Nursing

Ongoing Funded Research

A Study of Implementation of Preconception care for preventing adverse pregnancy outcome in Nashik District, Maharashtra

PI : Dr P P Doke : July 2018

Funded by – UNICEF, Maharashtra -70 Lakhs

Health and demographic surveillance system :

December 2018

**Funded by – Bharati Vidyapeeth
(Deemed to be) University - 56 Lakhs**

Death audit among Tuberculosis diagnosed patients

PI : Dr P P Doke : November 2019

**Funded by – Revised National
Tuberculosis Control Programme - 2
Lakhs**

Pneumonia Research Initiatives In Rural Areas and Urban Slums of Maharashtra.

- **Investigators :** Dr J S Gothankar, Dr P P Doke, Dr G B Dhumale, Dr S K Lalwani, Dr P D Pore.
- **Study Period-** December 2015- March 2018
- **Funded by** - Bill & Melinda Gates Foundation, The INCLEN Trust International.
- **Total funds-**1. 14 crore
- **Publication** - Gothankar J, Doke P, Dhumale G, Pore P, Lalwani S, Quraishi S, Murarkar S, Patil R, Waghachavare V, Dhobale R, Rasote K. Reported incidence and risk factors of childhood pneumonia in India: a community-based cross-sectional study. BMC public health. 2018 Dec;18(1):1-1.

Post –Partum Maternal Morbidity With Reference To The Cesarean Section: One Year Comparative Follow Up Study

- **Investigators :** Dr P P Doke, Dr A Patil, Dr V M Vaidya,

Dr APS Narula, Dr T Panchnadikar

- **Study Period-** September 2018- March 2019
- **Funded by –** The United Nations Population Fund (UNFPA)
- **Total funds-** 18.00 Lakhs

Assessment of Quality of Sterilization Services In Maharashtra State, India

- **Investigators :** Dr P P Doke, Dr APS Narula
- **Study Period-** Dec 2017-March 2019
- **Funded by –** The United Nations Population Fund (UNFPA)
- **Total funds-** 3.14 Lakhs

Post Partum Intra Uterine Devices Evaluation

- **Investigators :** Dr P P Doke, Dr APS Narula
- **Study Period-**December 2017 – March 2019
- **Funded by** – The United Nations Population Fund (UNFPA)
- **Total funds-** Three lakh fifty six thousand

MNH Care Through SHGS Towards Democratization of Health Care - A Midterm Study (Sure Start Project, Solapur)

- **Investigators :** Dr M Dandare, Dr J S Gothankar, Dr P D Pore, Dr V M Vaidya, Dr S K Murarkar, Dr R S Patil
- **Funded by –** PATH Foundation
- **Total funds-** 1.5Lakhs

Assessment of Maternal And Child Health Care Needs At Construction Site In Pune City

- **Principal Investigator: Dr. V M Vaidya**
- **Funded by** – Bharati Vidyapeeth (Deemed to be) University
- **Total funds-** 50,000
- Vaidya V, Biniwale N. Attitude, Willingness and Knowledge of Family Planning Amongst Male Construction Workers. LITERACY.;19:13-2.
- Vaidya VM, Hanumante NM, Joshi AM, Mahajan S. Immunization status of underfive children in migrants from periurban areas of pune. Birth. 2013;1(34):29-5.

Epidemio- Demographic Factors Affecting Health Status of Population Under Rural Health Training Center, Lavale

- **Principal Investigator: Dr. S K Murarkar**
- **Study Period- October 2015- March 2017**
- **Funded by – Bharati Vidyapeeth (Deemed to be) University**
- **Total funds- 25000/-**

A Follow Up Study of High Risk People For Developing Metabolic Syndrome

- **Principal Investigator: Dr. R S Patil**
- **Study Period- October 2015- March 2017**
- **Funded by – Bharati Vidyapeeth (Deemed to be) University**
- **Total funds- 40,000/-**

Funded Research Over the Years

2015-18 : 3 - International
(Bill and Melinda Gates Foundation, UNFPA, UNICEF)
Rs. 1.14 crores, Rs. 18 lakhs, Rs. 55 lakhs

2012
2- State
(Maharashtra State TB
Society)
Rs. 1,62,580 & 30,000

2012-19
10 - ICMR - STS
Rs. 1,40,000
1- ICMR - Rs.4 Cr.

2016-17
Indian Public Health
Association
Rs. 20,000

2011-16
3 - BVP University
Rs. 1,15,000

HEALTH & DEMOGRAPHIC SURVEILLANCE SYSTEM (HDSS), LAVALE

- HDSS is a **household census system** to monitor health trends, diseases (communicable & non-communicable as well) and vital events (births, deaths, migration, marriage etc) in the population.
- HDSS initiated in area under Rural Health & Training Centre (RHTC), Lavale on **1st January 2019**
- RHTC, located 26 km from the medical college, covers 13 villages from Mulshi block of Pune district.

HDSS METHODOLOGY

- **Ongoing longitudinal observational** study project including total population residing in field practice area of RHTC.
- Data collected using pre-designed, pre-tested, validated semi-structured questionnaire incorporated into **software application** of tablet phones.
- **Highlights of HDSS-**
 - ✓ Paperless data collection using tablet phones
 - ✓ GPS enabled software application provided by Survey Solutions platform (offered by World Bank)
 - ✓ Involvement of existing Govt appointed Accredited Social Health Activists (ASHA) workers (where possible) and non-ASHA female volunteers for data collection.

HDSS BASELINE ROUND

- Baseline round (round '0') conducted from **1st January 2019 - 30 June 2019**.
- Information from **12,500 families across 13 villages** collected.
- Baseline questionnaire consisted of information related to
 - ❖ **Household registration**
 - ❖ **Household characteristics**
 - ❖ **Standard of living index indicators**
 - ❖ **Family members information**
 - ❖ **Registration of pregnancy**

HDSS ROUND 1

- From **1st July 2019 till 31st December 2019.**
- In round 1 following information is captured -
 1. Birth / Deaths/ Pregnancy outcome
 2. Migration
 3. Marriage
 4. Update in family
 5. Change in marital status
 6. Morbidity
 7. Immunisation

HEALTH EDUCATION

**HEALTH EDUCATION
FEEDBACK FORM**

Batch: A Roll No: 26

1. In which of the following health education activities did you participate?

- ☒ Chart making
- ☒ Puppet show
- ☒ AIDS awareness lecture
- ☒ Poster preparation
- ☒ Skit

Grade your activity from 1 to 5: (4)

(1=Poor, 2=Below average, 3=Average, 4=Good, 5=Excellent)

2. What did you find helpful about your activity?

People mostly village school kids, residents well made aware of cancer - cause & pesticide use. What is right? was well explained through activity.

3. What did you enjoy most about this group project?

- Working as a team
- Group discussions
- Research for the project
- Individual ideas and input

4. What did you learn about health education?

It is v.v. imp to make people better human beings. If person is well educated about health - his whole family will be healthy. Because he has all appropriate related information.

5. Are these projects appropriate for the 7th Semester?

Many, many things.

By educate people should be educated still there are interiors of country where people have no idea about healthy lifestyles - hence effect should be made to improve knowledge of

HEALTH AWARENESS CAMPAIGN

On

World Health Day

7th April 2013

On HIGH BLOOD PRESSURE

Celebrating 50 glorious years of Bharati Vidyapeeth University and 25 years of Bharati Vidyapeeth University Medical College, Pune.

Bharati Vidyapeeth University Medical College, Pune has always been at the forefront of healthcare especially when it comes to community activities. This year on occasion of Golden Jubilee of Bharati Vidyapeeth University and Silver Jubilee of Bharati Vidyapeeth University Medical College, Pune, the Department of Community Medicine decided to take the theme of Hypertension of World Health Day 2013 to the doorstep of the people.

The Health Awareness Campaign on Hypertension was conducted for the people of Dhankawadi by student volunteers of VI Semester.

VI SEMESTER

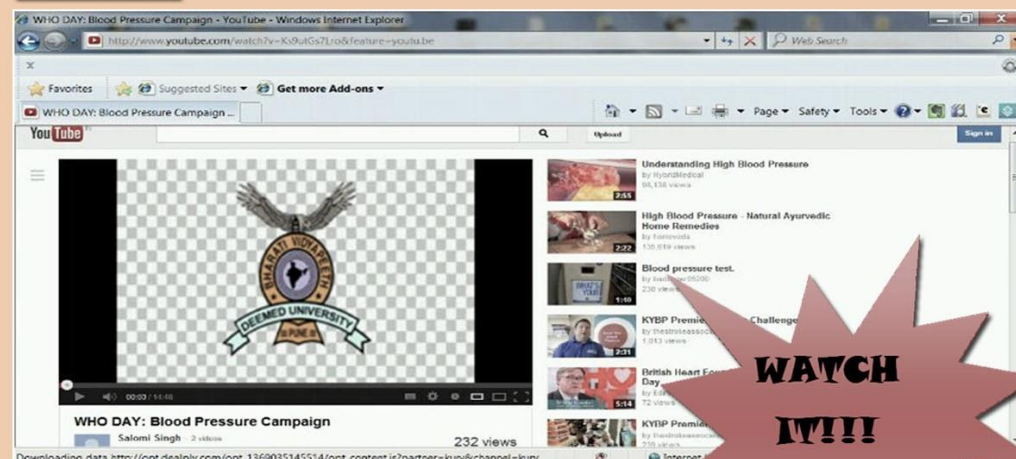

Batch of 2010-11

of Dr. Kavita Krishna and Dr. Jayashree Gothankar were shown during health checkup informing about clinical and social aspects of hypertension.

To educate the participants, interview of renowned Dr. Kavita Krishna & Dr. Jayashree Gothankar was shared with them to inculcate about risk factors, complications and management of Hypertension.

YouTube

WATCH
IT!!!

Dr. Kavita Krishna

Dr. Kavita talked about the clinical aspects of Hypertension. She enumerated modifiable risk factors like smoking, alcohol, obesity, stress correlating symptoms like the patient can present with headache, giddiness, convulsions, stroke, hypertensive retinopathy, nephropathy, myocardial infarction etc.

Dr. Jayashree Gothankar

Dr. Gothankar highlighted the prevailing scenario of Hypertension at community level. She also focused on how dreadful complications affect not only the patient but also the family and how the socio-economic strata of the individual is low, it further deteriorates their condition.

कात्रज : भारती विद्यापीठ मेडिकल कॉलेजच्या विद्यार्थ्यांनी नागरिकांमध्ये प्लॅस्टिकचा वापर टाळण्याबाबत जागृती केली.

भारती विद्यापीठ मेडिकल कॉलेजच्या विद्यार्थ्यांकडून समाजप्रबोधन

कात्रज, दि. ५ - महात्मा गांधी जयंतीच्यानिमित्ताने २ ऑक्टोबर रोजी भारती विद्यापीठ मेडिकल कॉलेज पुणे येथील तृतीय वर्षामध्ये शिकत असलेल्या विद्यार्थ्यांनी विविध सामाजिक उपक्रमांचे आयोजन केले होते. या उपक्रमांमागे प्लॅस्टिकचा वापर टाळणे व पर्यावरणपूरक वस्तूंचा वापर करणे हा प्रमुख उद्देश होता. यासाठी स्वच्छता मॅरेथॉन, स्वच्छता रॅली, पोस्टर कॉम्पिटिशन व आंबेगावातील पूरग्रस्त भागांमध्ये जाऊन स्वच्छता केली. याप्रसंगी प्रा. डॉ. मनी व उपप्राचार्य करमरकर यांनी विद्यार्थ्यांना मार्गदर्शन व प्रोत्साहन दिले आणि प्लॅस्टिकचा वापर बंद करण्याबाबत मार्गदर्शन केले. तसेच विद्यार्थ्यांना प्लॅस्टिक वापरणार नाही याची शपथ दिली. या संपूर्ण उपक्रमाचे नियोजन व मार्गदर्शन डिपार्टमेंट ऑफ कम्युनिटी मेडिसीन विभागाच्या प्राध्यापिका डॉ. वर्षा वैद्य यांनी केले होते. या कार्यक्रमात विद्यार्थ्यांनी उत्साहाने भाग घेत समाजप्रबोधन केले.
